21st Marco Lenzi Tribute Night

Valued and much loved Marco died of Covid related problems 18th January 2022. A tribute night for him has been organised for 22nd January.

The first part of the evening will be for singers to participate so if you know a song that Marco sang, then sing a song that Marco liked or have an appropriate song for the occasion. Then let us know at the door so it doesn't clash with others who arrived before you. The second part of the evening starting at no later than 9:15pm will be devoted to planned performances by various previously organised singers and residents.
